On the farm activities include:

Private Ostrich Farm Tour: De Denne Farm Tours are unique, fun, informative and educational. Registered Afrikaans-, French- and German-speaking guide interacts with the guests and making these farm tours interesting and memorable. The tour can be done after breakfast at 08:30 or in the afternoon at 15:30, depending on the guests' itinerary. The tour starts on the farm (De Denne) introducing Cadbury (male ostrich) and Suzie (female ostrich) with their little chicks. This introduction to the ostriches is really fun and informative; afterwards guests will go for a walk on the farm in between the ostrich camps, with perfect time for photos. Arriving back at De Denne after the short walk, guests will depart to the incubators and hatchery room. The incubator room is the ultimate as the hatching chicks are the most adorable little things and seeing them hatch is something guests will remember forever.

De Denne does NOT do ostrich riding or touching of animals.

Stargazing (weather permitting): Star gazing is popular among families who love the outdoors, adventure seekers and eco tourists. De Denne is ideal for stargazing due to very little light pollution and wide-open spaces. Look up in the night sky and enjoy one of the biggest nightlife shows ever held – on your doorstep!
